COMPANY PROFILE

Achievement without delay

Strength without equal

Etthad Al-Bilad Contracting Company was established in 2007 as one of the pioneering national entities specializing in the manufacturing and supply of ready-mix concrete. Since its inception, the company has been committed to delivering world-class concrete products that meet the requirements of mega construction projects and support the Kingdom's urban development aligned with Vision 2030.

The company's production capacity exceeds 2,000 cubic meters per day, manufactured through state-of-the-art batching plants supported by highly qualified teams and smart operational systems. This capability has enabled the company to deliver landmark projects, gain the trust of its clients, and establish itself as a strategic partner in the Kingdom's growth and development.

Vision

To be the leading and most trusted provider of ready-mix concrete in the Kingdom through quality, innovation, and sustainability.

Mission

To deliver world-class concrete solutions, supported by skilled teams and advanced systems, contributing to landmark projects and fulfilling the aspirations of Vision 2030.

Strategic partners

Etthad Al-Bilad Contracting Company is keen on building strategic partnerships with a number of leading suppliers and entities in the sector in order to ensure the provision of the finest raw materials, the latest equipment and the highest quality standards. These partnerships have enabled the company to enhance its operational capabilities and deliver integrated solutions that meet the aspirations of its clients.
